MEMORANDUM FOR: Chairman, Intelligence Group on Exchanges
SUBJECT : Interim Report of the Ad Hoc Intelligence Group on Exchanges

1. I have reviewed the subject report with great interest and want to compliment you on it. In spite of the complexity of the East-West Exchange problem, the report is comprehensive, lucid, and, in my view, eminently sensible in its recommendations. While recognizing that your work over the past two months is only a start, it establishes a solid foundation and clear direction for what must be done by the Intelligence Community to get the exchange problem under control.

2. As the ICE continues on this important task, the IC Staff is prepared to support it in any way you think would be useful.

3. Congratulations on an excellent piece of work.
